

Magnetic Resonance Research Center
Investigator Agreement

This is to document that I have both received and reviewed with my staff the MRRC 007: COVID-19 MRRC Research Operations Standard Operating Procedure (SOP).

MRRC Project Code(s): _____

PI Name: _____

Research Staff Name(s): _____

My staff and I (listed above) agree will follow the new procedures based on the COVID-19 Research Operations SOP. I understand that failure to do so may result in the MRRC having to close or suspending my study(s).

If my staffing changes, I agree to complete a new Investigator agreement to document they have reviewed the MRRC SOPs prior to their first visit to the MRRC.
