

**Magnetic Resonance Research Center**  
**University of Pittsburgh**  
MRRC 004: Adverse Findings

**PURPOSE:**

The purpose of this Standard operating procedure (SOP) of the Magnetic Resonance Research Center (MRRC) to outline the steps and policy regarding adverse findings during an MRI scan.

**POLICY:**

During the MRI if the MRI technologist notices an adverse finding, the scan is loaded to UPMC EIMS and the Principal investigator is notified.

The MRRC's medical director will review the scan, and provide findings to the Principal Investigator.

It is the responsibility of the investigator to notify their research participant of the findings.
